

Lecture of Prof. Dr. Dr. h.c. mult. August-Wilhelm Scheer
April 6th, 2009, 2.30pm - 4pm
Nová budova VŠE, Učebna A

Process management of organization and process management of IT

- ▶ **Managing relation between IT & business**
- ▶ **Orchestration of business processes and IT**
- ▶ **The influence of process management on organization change flexibility**

Dr. August-Wilhelm Scheer, born in 1941, founded the firm known today as IDS Scheer AG in 1984. Since the IPO in 1999, he is chairman of the Supervisory Board as well as principal shareholder of the company. In 1975, Prof. Scheer held one of the first chairs for Information Systems and established the Institute for Information Systems (IWi) at the University of the Saarland. The focus of his research activities is on information and business process management in industry, the services sector and in administration. His publications, translated into 8 languages, gained worldwide attention.
